

# HOPE & HEALING INFRASTRUCTURE CAMPAIGN

## KARIS COMMUNITY

### SUMMARY

On May 12, 2026, Karis Community will celebrate 50 years of providing a community-oriented residential program for adults managing serious and persistent mental illnesses as well as co-occurring substance use disorders. During this same fiscal year, our building will reach its 100th year and is due for essential improvements. To commemorate these milestones, we are launching the Hope & Healing Infrastructure Campaign. This renovation effort will create a more trauma-informed, healing-centered, and welcoming environment, significantly impacting the lives of our Community Members and the surrounding community.

### PROJECT GOALS

- Upgrade the 99-year-old Karis home to improve safety, functionality, and trauma-informed design.
- Create healing-centered communal spaces to support mental health recovery.
- Enhance indoor and outdoor spaces for improved comfort and usability.
- Construct a gazebo in the outdoor area to provide a peaceful gathering space for Community Members.
- Incorporate mindfulness and sensory features into the environment to promote well-being.
- Improve security measures to enhance safety for Community Members.

### PROJECT IMPACT

- Enhance the quality of life for Karis' Community Members.
- Create a welcoming, trauma-informed environment that fosters recovery.
- Improve shared spaces to foster greater community engagement and comfort.
- Build long-term community resilience through infrastructure improvements.
- Provide an outdoor peaceful space for relaxation and social interaction.
- Incorporate mindfulness and sensory elements to support emotional well-being.
- Increase security with exterior keypads and outdoor lighting to create a safer environment for all Community Members.
