

50 Years of Hope & Healing: A Celebration Benefiting Karis Community Sponsorship Opportunities

Since 1976, Karis Community has been a beacon of hope and healing for adults managing serious and persistent mental illness as well as co-occurring substance use disorders. On **Friday, May 15, 2026**, from **6:00 to 9:00 pm**, Karis will host its spring fundraiser, "**50 Years of Hope & Healing**," at the Denver Museum of Nature & Science. Your presence directly supports Karis' mission and helps sustain the programs and community that make recovery possible. Enjoy comfort foods, a silent auction, and personal stories of hope and healing—all in a vibrant setting that fosters connection and community.

WHY SUPPORT KARIS COMMUNITY?

Your sponsorship directly supports Karis Community's Empowerment Program, which provides:

- Safe, supportive housing for individuals managing mental health challenges
- On-site mental health services for those who would otherwise lack access
- Weekly support groups & individual check-ins promoting stability and growth
- Community meals, household essentials, and utilities, ensuring basic needs are met

Karis serves over 100 individuals annually, offering a community of belonging and a pathway to independence. Many of our Community Members have experienced homelessness, financial hardship, and social isolation. With your support, we can continue to offer affordable housing and mental health services, as well as foster mental health equity.

WHAT ARE THE EVENT SPONSORSHIP LEVELS AND BENEFITS?

Sponsorship opportunities offer valuable recognition and benefits at various levels. The Presenting Sponsor level, with a contribution of \$20,000, is a unique opportunity with only one available. This sponsorship level will give your company a privileged position in our event. Other levels include the Hope & Healing Sponsor (\$10,000), Empowerment Sponsor (\$5,000), Grace Sponsor (\$2,500), and Community Sponsor (\$1,000). Benefits include event and drink tickets, acknowledgment on Karis Community's platforms, and more. Please see the "[Benefits and Payment Form](#)" document for more detailed information.
